

## (Simple Linear Iterative Clustering)

### 1) SLIC

(Implemented the algorithm as given in-  
<https://ieeexplore.ieee.org/document/6205760>)

**Results** - (with number of superpixels,  $k = 100$  and  $m = 20$  )

a) For Input - 2.jpg

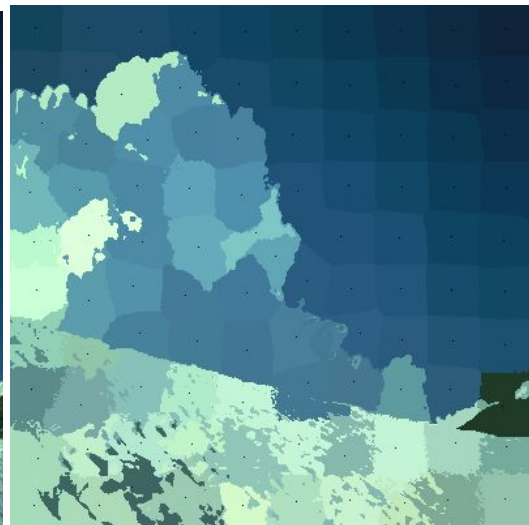

b) For input - 3.jpg

c) For input - 4.jpg

d) For input - 5.jpg

e) For input - 6.jpg
